

# NETS: Corrections and Emendations Reported in 2021

This page contains errata reported by Lisa Hui (Leuven). Albert Pietersma (NETS editor) has verified and confirmed these corrections. We appreciate Lisa Hui's report.

- 1 P. 83:  
In line 6 from bottom, there is a typo of a Hebrew term. It should read תנופה instead of נופה.
- 2 P. 244:  
While the 2009 Reprint has included the amendment of "the beginning of γδ", the typo in the NRSV reference remains. Instead of "2 Kgs 22.41-50", it should be "1 Kgs 22.41-50".
- 3 P. 246:  
In the third paragraph, the biblical reference for "sabaoth" should be 1.3, not 1.2.
- 4 P. 246:  
I have doubts about the remark that "δέ is found 14 times" in the OG Reigns. I have found 30 occurrences (1 Rgns 7:17; 10:16; 12:15; 13:21; 16:7; 17:9; 19:17; 24:18; 30:3, 10; 2 Rgns 3:30, 39; 7:15, 19; 3 Rgns 2:13, 21; 3:8, 22; 9:6; 11:36; 12:11, 24; 15:14; 17:13; 18:21; 20:2, 6; 21:9, 23, 39) — with the Kaige text excluded in my search.  
Albert Pietersma confirms that the correct number is 30.
- 5 P. 272:  
In the second NETS translation from top of the page, "David" should read "Dauid".
